The Superintendent shall also maintain a master list of all individuals and entities having access to student information, including school district personnel listed by title. To ensure this list remains current and is manageable to maintain, it shall not contain names of individuals who have access to data.

The Superintendent may designate privacy officers at the District and building level. These privacy officers are responsible for:

1. Maintaining a list of school personnel by title who have access to student information; this list shall be provided to the Superintendent each time it is updated;
2. Submitting to the Superintendent for board approval new requests to share student information with third-party individuals and entities other than parties to which the District reports student information under law;

- b. The Board shall develop procedures for a parent or eligible student to review and amend educational records. These procedures shall include procedures to verify the identity of a requesting parent or eligible student. The regulations shall be delineated in board regulations and disseminated annually in accordance with law.

2. Classroom Use of Instructional Tools Requiring Release of Student Information

Teachers are encouraged to use instructional technological tools that allow for use of an alias or that do not require submission of directory information, other than or in addition to name, or PII. Whenever a teacher wishes to use an instructional tool that requires release of directory information, other than or in addition to name, or PII such as, but not limited to, software or an app, the teacher shall submit a request to the building-level privacy officer. The privacy officer shall check the District's master list of individuals and entities approved to receive student information. If the entity is not on this list or the teacher's request is beyond the scope of information sharing permission previously granted, the privacy officer shall either deny the teacher's request or submit an information-sharing request to the Superintendent for board approval. If the teacher is authorized to use the instructional tool, the building-level privacy officer shall ensure the teacher complies with any parental consent requirements and directory information opt-out requests before using the tool.

3. Data Breaches

District employees are responsible for informing a privacy officer of any known or suspected breach of PII.
